a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, in the form provided in the bidding documents or another form acceptable to the purchaser and valid for thirty (30) days beyond the validity of the bid; or

b) a cashier's or certified cheque.

20.3 Any bid not secured in accordance with this ITB clause 20 will be rejected by the purchaser as non-responsive, pursuant to ITB clause 29.

20.4 Upon receipt of the signed contract agreement and a valid performance security, the purchaser shall return the bid securities of unsuccessful bidders.

20.5 The successful bidder's bid security will be discharged upon the bidder signing the contract, pursuant to ITB clause 40, and furnishing the performance security, pursuant to ITB clause 41.

20.6 The bid security may be forfeited:

a) if a bidder:

(i) withdraws its bid during the period of bid validity specified by the bidder on the bid form, or

(ii) does not accept the correction of errors pursuant to ITB clause 29.2; or

b) in the case of a successful bidder, if the bidder fails:

(i) to sign the contract in accordance with ITB clause 40; or

(ii) to furnish performance security in accordance with ITB clause 41.

21. Bid Validity

21.1 Bids shall remain valid for the period specified **in the BDS** after the date of bid submission prescribed by the purchaser, pursuant to ITB clause 24. A bid valid for a shorter period shall be rejected by the purchaser as non-responsive.

21.2 In exceptional circumstances, the purchaser may solicit the bidder's consent to an extension of the period of validity. The request and the responses thereto shall be made in writing. The bid security provided under ITB clause 20 shall also be suitably extended. A bidder may refuse

the request without forfeiting its bid security. A bidder granting the request will not be required nor permitted to modify its bid. The request shall be made during the original period of validity.

22. Format and Signing of Bid

22.1 The bidder shall prepare an original and the number of copies of the bid indicated **in the BDS**, clearly marking each "ORIGINAL BID" and "COPY OF BID", as appropriate. In the event of any discrepancy between them, the original shall govern.

22.2 The original and the copies of the bid shall be typed or written in indelible ink and shall be signed by the bidder or a person or persons duly authorised to bind the bidder to the contract. All pages of the bid, except for unamended printed literature, shall be initialed by the person or persons signing the bid.

22.3 Any interlineations, erasures or overwriting shall be valid only if they are initialed by the person or persons signing the bid.

22.4 The bidder shall furnish information as described in the form or bid on commissions or gratuities, if any, paid or to be paid to agents relating to this bid, and to contract execution if the bidder is awarded the contract.

D. Submission of bids

23. Sealing and Marking of Bids

23.1 The bidder shall seal the original and each copy of the bid, in separate envelopes, duly marking the envelopes as "ORIGINAL" and "COPY". The envelopes shall then be enclosed in an outer envelope and sealed.

23.2 The inner and outer envelopes shall:

a) indicate the name and address of the bidder to enable the bid to be returned unopened in case it is declared "late";

b) be addressed to the purchaser at the address given **in the BDS**; and

c) bear the project name indicated **in the BDS**, the invitation for bids title and Procurement Number indicated **in the BDS**, and a statement: "DO NOT OPEN BEFORE," to be completed with the time and the date specified **in the BDS**.

23.3 If the outer envelope is not sealed and marked as required by ITB Clause 23.2, the purchaser will assume no responsibility for the bid's misplacement or premature opening.

24. Deadline for Submission of Bids

24.1 Bids must be received at the address indicated in ITB 23.2(b) and by the time and date specified **in the BDS**.

25. Late Bids

25.1 Any bid received by the purchaser after the deadline for submission of bids prescribed by the purchaser pursuant to ITB clause 24 will be rejected and returned unopened to the bidder.

26. Withdrawal of Bids

26.1 The bidder may withdraw its bid after the bid's submission, provided that written notice is received by the purchaser prior to the deadline prescribed for submission of bids.

26.2 The bidder's withdrawal notice shall be prepared, sealed, marked, and dispatched in accordance with the provisions of ITB clause 23 but in addition the envelopes shall be clearly marked "WITHDRAWAL". A withdrawal notice may also be sent by fax or email, but followed a signed confirmation copy, postmarked not later than the deadline for submission of bids.

26.3 No bid may be withdrawn in the interval between the deadline for submission of bids and the expiration of the period of bid validity specified by the bidder on the bid form. Withdrawal of a bid during this interval may

result in the bidder's forfeiture of its bid security, pursuant to ITB clause 20.

E. Opening and evaluation of bids

27. Opening of Bids by the Purchaser

27.1 The purchaser will open all bids in the presence of bidders' representatives who choose to attend, at the time, on the date, and at the place specified **in the BDS**. The bidders' representatives who are present shall sign a register evidencing their attendance.

27.2 The bidders' names, withdrawals, bid prices, discounts, and the presence or absence of the requisite bid security and such other details as the purchaser, at its discretion, may consider appropriate, will be announced at the opening. No bid shall be rejected at bid opening, except for late bids, which shall be returned unopened to the bidder pursuant to ITB clause 25.

27.3 Bids that are not opened and read out at bid opening shall not be considered further for evaluation, irrespective of the circumstances.

27.4 The purchaser will prepare minutes of the bid opening and a copy of which is to be sent promptly to the participating bidders and IFAD.

28. Clarification of Bids

28.1 During evaluation of the bids, the purchaser may, at its discretion, ask the bidder for a clarification of its bid. The request for clarification and the response shall be in writing, and no change in the prices or substance of the bid shall be sought, offered, or permitted.

29. Preliminary Examination

29.1 The purchaser will examine the bids to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the bids are generally in order.

29.2 Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected, unless there is an obvious discrepancy in placement of the decimal point. If there is a discrepancy between words and figures, the amount in words will prevail unless the words do not reflect the correct value of the sum of the items' respective value. If the bidder does not accept the correction of the errors, its bid shall be rejected, and its bid security may be forfeited.

29.3 The purchaser may waive any minor informality, nonconformity, or irregularity in a bid which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any bidder.

29.4 Prior to the detailed evaluation, pursuant to ITB clause 30, the purchaser will determine the substantial responsiveness of each bid to the bidding documents. For purposes of these clauses, a substantially responsive bid is one that conforms to all the terms and conditions of the bidding documents without material deviations. Deviations from, or objections or reservations to critical provisions, such as those concerning bid security (ITB clause 20), applicable law (GCC clause 34), and taxes and duties (GCC clause 36), will be deemed to be a material deviation. The purchaser's determination of a bid's responsiveness is to be based on the contents of the bid itself without recourse to extrinsic evidence.

29.5 If a bid is not substantially responsive, it will be rejected by the purchaser and may not subsequently be made responsive by the bidder by correction of the nonconformity.

30. Evaluation and Comparison of Bids

30.1 The purchaser will evaluate and compare the bids which have been determined to be substantially responsive, pursuant to ITB clause 29.

30.2 The purchaser's evaluation of a bid will exclude and not take into account:

a) in the case of goods manufactured in the purchaser's country or goods of foreign origin already located in the purchaser's country, sales and other similar taxes, which will be payable on the goods if a contract is awarded to the bidder;

b) in the case of goods of foreign origin offered from abroad, customs duties and other similar import taxes which will be payable on the goods if the contract is awarded to the bidder; and

30.3 The purchaser shall then apply the bid evaluation criteria, if any, as indicated in the BDS and thereafter compare the evaluated prices of all substantially responsive bids established in accordance with ITB 30.2, ITB 17 and ITB 29.2 to determine the bid with the "best value for money". The comparison shall be on the basis of CIP (place of final destination) prices for imported goods and EXW prices after applying the aforementioned stipulated bid evaluation criteria, plus cost of inland transportation and insurance to place of destination, for goods manufactured within the borrower's country, together with prices for any required installation, training, commissioning and other services. The evaluation of prices shall

not take into account custom duties and other taxes levied on imported goods quoted CIP and sales and similar taxes levied in connection with the sale or delivery of goods.

30.4 Bids shall be evaluated on item-by-item basis if so indicated in the **BDS**. Otherwise, if bids are being invited for individual lots (contracts) or for any combination of lots (packages) then the bid evaluation shall be on lot-by-lot basis. Unless otherwise **specified in the BDS,** prices quoted shall correspond to 100 % of the items specified for each lot and to 100% of the quantities specified for each item of a lot. Bidders wishing to offer discounts for the award of more than one Contract (lot) shall specify in their bid the price reductions applicable to each package, or alternatively, to individual Contracts within the package. Discounts shall be submitted in accordance with ITB 16.6 provided the bids for all lots (contracts) are opened at the same time. The purchaser, after calculating the impact of the offered discounts by the various bidders, shall determine the combination of contract awards that will result in the lowest overall cost of the entire procurement covered by this invitation to bid.

31. Abnormally Low Bids

31.1 An abnormally low bid is one where the bid price, in combination with other constituent elements of the bid, appears unreasonably low to the extent that the bid price raises material concerns with the purchaser as to the capability of the bidder to perform the contract for the offered bid price.

31.2 In the event of identification of a potentially abnormally low bid, the purchaser shall seek written clarification from the bidder, including a detailed price analysis of its bid price in relation to the subject matter of the contract, scope, delivery schedule, allocation of risks and responsibilities and any other requirements of the bidding document.

31.3 After evaluation of the price analysis, in the event that the purchaser determines that the bidder has failed to demonstrate its capability to perform the contract for the offered bid price, the purchaser shall reject the bid.

32. Contacting the Purchaser

32.1 From the time of bid opening to the time of contract award, if any bidder wishes to contact the purchaser on any matter related to the bid, it should do so in writing.

32.2 Any effort by a bidder to influence the purchaser in its decisions on bid evaluation, bid comparison, or contract award may result in the rejection of the bidder's bid.

F. Award of contract

33. Post-Qualification

33.1 In the absence of pre-qualification, the purchaser will determine to its satisfaction whether the bidder that is selected as having submitted the lowest priced responsive bid is qualified to perform the contract satisfactorily, in accordance with the criteria listed in ITB clause 18.3.

33.2 The determination will take into account the bidder's financial, technical, and production capabilities. it will be based upon an examination of the documentary evidence of the bidder's qualifications submitted by the bidder, pursuant to ITB clause 18.3, as well as such other information as the purchaser deems necessary and appropriate.

33.3 An affirmative determination will be a prerequisite for award of the contract to the bidder. A negative determination will result in rejection of the bidder's bid, in which event the purchaser will proceed to the next lowest evaluated bid to make a similar determination of that bidder's capabilities to perform satisfactorily.

34. Award Criteria

34.1 Subject to ITB 37, ITB 38 and ITB 39, the purchaser shall award the contract to the successful bidder whose bid has been determined to be substantially responsive and has been determined to be the bid offering the best value for money as per the stipulated bid evaluation criteria, provided further that the bidder is determined to be qualified to perform the contract satisfactorily.

35. Purchaser's Right to Vary Quantities at Time of Award

35.1 The purchaser reserves the right at the time of contract award to increase or decrease, by the percentage indicated **in the BDS**, the quantity of goods and related services originally specified in the schedule of requirements without any change in unit price or other terms and conditions.

36. Purchaser's Right to Accept Any Bid and to Reject Any or All Bids

36.1 The purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to contract award, without thereby incurring any liability to the affected bidder or bidders.

37. Notice of Intention to Award

37.1 Prior to the expiration of the period of bid validity, the purchaser shall send the notice of intent to award to the successful bidder. the notice of intent to award shall include a statement that the purchaser shall issue a formal notification of award and a draft contract agreement after expiration of the period for filing a bid protest by unsuccessful bidders and the resolution of any bid protests and or appeals that are submitted thereof. Delivery of the notice of intent to award **shall not constitute the formation of a contract** between the purchaser and the successful bidder and no legal or equitable rights shall be created through the delivery of the notice of intent to award.

37.2 At the same time when it issues the notice of intent to award, the purchaser shall also notify, in writing, all other bidders of the results of the bidding. The purchaser shall promptly respond in writing to any unsuccessful bidder who, after receiving notification of the bid evaluation results, makes a written request for a debriefing, or submits a formal protest as provided in the IFAD Procurement Handbook.

38. Bid Protests

38.1 Bidders may protest the results of a procurement only in accordance with the rules and within the time periods established in the module M of the IFAD Procurement Handbook. In case the time periods/deadlines for submitting a protest under the borrower's national procurement system differ from those stipulated in the IFAD Procurement Handbook, the borrower's regulation shall apply.

39. Notification of Award

39.1 Upon expiration of the period for timely filing and the resolution of any bid protests (and appeals, as applicable) and prior to the expiration of the period of bid validity, the purchaser will notify the successful bidder in writing by registered letter that its bid has been accepted through a notification of award letter.

39.2 Until a formal contract is prepared and executed, the notification of award shall constitute a binding contract.

39.3 Upon the successful bidder's furnishing of the performance security pursuant to ITB clause 41, the purchaser will promptly notify the name of the winning bidder to each unsuccessful bidder and will discharge its bid security, pursuant to ITB clause 20.

40. Signing of Contract

40.1 At the same time as the purchaser notifies the successful bidder that its bid has been accepted, the purchaser will send the bidder the contract form provided in the bidding documents, incorporating all agreements between the parties.

40.2 Within fourteen (14) days of receipt of the contract form, the successful bidder shall sign and date the contract and return it to the purchaser.

41. Performance Security

41.1 Within fourteen (14) days of the receipt of notification of award from the purchaser, the successful bidder shall furnish the performance security in accordance with the conditions of contract, as per the performance security form provided in the bidding documents, or in another form acceptable to the purchaser.

41.2 Failure of the successful bidder to comply with the requirement of ITB clause 40.2 or ITB clause 41.1 shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security, in which event the purchaser may make the award to the next lowest evaluated bidder or call for new bids after getting IFAD's no objection whenever applicable.

Section VI. Technical Specifications

[Text of technical specifications to be inserted in the bidding documents by the purchaser, as applicable. please see the guidance in module E1 of the IFAD Procurement Handbook and the guidance below.]

The purpose of the technical specifications (TS) is to define the technical characteristics of the goods and related services required by the purchaser. The purchaser shall prepare the detailed TS taking into account that:

- the TS constitute the benchmarks against which the purchaser will verify the technical responsiveness of bids and subsequently evaluate the bids. Therefore, well-defined TS will facilitate preparation of responsive bids by bidders, as well as examination, evaluation, and comparison of the bids by the purchaser.

- the TS shall require that all goods and materials to be incorporated in the goods be new, unused, and of the most recent or current models, and that they incorporate all recent improvements in design and materials, unless provided for otherwise in the contract.

- the TS shall make use of best practices. Samples of specifications from successful similar procurements in the same country or sector may provide a sound basis for drafting the TS.

- standardizing technical specifications may be advantageous, depending on the complexity of the goods and the repetitiveness of the type of procurement. The TS should be broad enough to avoid restrictions on workmanship, materials, and equipment commonly used in manufacturing similar kinds of goods.

- standards for equipment, materials, and workmanship specified in the bidding documents shall not be restrictive. Recognized international standards should be specified as much as possible. When other particular standards or codes of practice are referred to in the TS, whether from the borrower's or from other eligible countries, a statement should follow other authoritative standards that ensure at least a substantially equal quality, then the standards mentioned in the TS will also be acceptable.

- reference to brand names and catalogue numbers should be avoided as far as possible; where unavoidable the words "or at least equivalent" shall always follow such references.

- the TS shall be fully descriptive of the requirements in respect of, but not limited to, the following:

  (a) standards of materials and workmanship required for the production and manufacturing of the goods.

  (b) detailed tests required (type and number).

  (c) other additional work and/or related services required to achieve full delivery/completion.

  (d) detailed activities to be performed by the supplier, and participation of the purchaser thereon.

(e) list of detailed functional guarantees covered by the warranty and the specification of the liquidated damages to be applied in the event that such guarantees are not met.

- The TS shall specify all essential technical and performance characteristics and requirements, including guaranteed or acceptable maximum or minimum values, as appropriate. Whenever necessary, the purchaser shall include an additional ad-hoc bidding form, where the bidder shall provide detailed information on such technical performance characteristics in respect to the corresponding acceptable or guaranteed values.

When the purchaser requests that the bidder provides in its bid a part or all of the TS, technical schedules, or other technical information, the purchaser shall specify in detail the nature and extent of the required information and the manner in which it has to be presented by the bidder in its bid.

[If a summary of the TS has to be provided, the purchaser shall insert information in the table below. The bidder shall prepare a similar table to justify compliance with the requirements.]

Summary of TS. The goods and related services shall comply with following TS and standards:

Item no	Name of goods or related service	TS and standards
[insert item no]	[insert name]	[insert TS and standards]

Detailed TS and standards *[whenever necessary]*.

[Insert detailed description of TS and standards]

Inspections and Tests

The following inspections and tests shall be performed: *[insert list of inspections and tests]*

The place for conducting the tests shall be: *[insert either supplier's or at the point of delivery or at the final destination at purchaser's premises]*

11.3 Should any inspected or tested goods fail to conform to the Specifications, the purchaser may reject the goods, and the supplier shall either replace the rejected goods or make alterations necessary to meet specification requirements free of cost to the purchaser.

11.4 The purchaser's right to inspect, test and, where necessary, reject the goods after the goods' arrival in the purchaser's country shall in no way be limited or waived by reason of the goods having previously been inspected, tested, and passed by the purchaser or its representative prior to the goods' shipment from the country of origin.

11.5 Nothing in GCC clause 11 shall in any way release the supplier from any warranty or other obligations under this contract.

12. Packing

12.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. 15.2 Where the supplier is required under the contract to transport the goods to a specified place of destination within the purchaser's country, defined as the Project Site, transport to such place of destination in the purchaser's country, including insurance and storage, as shall be specified in the contract, shall be arranged by the supplier, and related costs shall be included in the contract price.

16.Incidental Services 16.1 The supplier may be required to provide any additional services as **specified in the SCC**.

17.Spare Parts 17.1 As **specified in the SCC,** the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and

b) in the event of termination of production of the spare parts:

(i) advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and

(ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

18.Warranty 18.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or

18.2 This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise **in the SCC**.

18.3 The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

18.4 Upon receipt of such notice, the supplier shall, within the period specified **in the SCC** and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

18.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified **in the SCC**, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

19.Payment

19.1 The method and conditions of payment to be made to the supplier under this contract shall be **specified in the SCC.**

19.2 The supplier's request(s) for payment shall be made to the purchaser in writing, accompanied by an invoice describing, as appropriate, the goods delivered and services performed, and by documents submitted pursuant to GCC clause 13, and upon fulfilment of other obligations stipulated in the contract.

19.3 Payments shall be made promptly by the purchaser, but in no case later than forty-five (45) days after submission of an invoice or claim by the supplier.

19.4 The currency in which payments shall be made to the supplier under this contract shall be those **specified in the SCC.**

20. Prices

20.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in its bid except for any price adjustments **authorized in the SCC**.

21. Change Orders

21.1 The purchaser may at any time, by a written order given to the supplier pursuant to GCC clause 35, make changes within the general scope of the contract in any one or more of the following:

a) drawings, designs, or specifications, where goods to be furnished under the contract are to be specifically manufactured for the purchaser;

b) the method of shipment or packing;

c) the place of delivery; and/or

d) the related services to be provided by the supplier.

21.2 If any such change causes an increase or decrease in the cost of, or the time required for, the supplier's performance of any provisions under the contract, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall accordingly be amended. Any claims by the supplier for adjustment under this clause must be asserted within thirty (30) days from the date of the supplier's receipt of the purchaser's change order.

22. Contract Amendments

22.1 Subject to GCC clause 21, no variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties.

23. Assignment

23.1 The supplier shall not assign, in whole or in part, its obligations to perform under this contract, except with the purchaser's prior written consent.

24. Subcontract

24.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

24.2 Subcontracts must comply with the provisions of GCC clause 3.

25. Delays in the Supplier's Performance

25.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the schedule of requirements.

25.2 If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at its discretion extend the supplier's time for performance, with or without liquidated damages, in which case the extension shall be ratified by the parties by amendment of contract.

25.3 Except as provided under GCC clause 28, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of liquidated damages pursuant to GCC clause 26, unless an extension of time is agreed upon pursuant to GCC clause 25.2 without the application of liquidated damages.

26. Liquidated Damages

26.1 Subject to GCC clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as liquidated damages, a sum equivalent to the percentage **specified in the SCC** of the delivered price of the delayed goods or unperformed services for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of the percentage **specified in the SCC.** Once the maximum is reached, the purchaser may consider termination of the contract pursuant to GCC clause 27.

27. Termination for Default

27.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC clause 25;

b) if the supplier fails to perform any other obligation(s) under the contract; or

c) if the Fund determines that the supplier, or any of its sub-contractors, sub-consultants, suppliers, personnel or any agent

or affiliate of any of them has, directly or indirectly, engaged in prohibited practices pursuant to GCC 4.

d) If the purchaser becomes aware of any proven acts of sexual harassment, sexual exploitation and abuse by the supplier and/or its personnel, directly or through an agent, pursuant to GCC 5.

27.2 In the event the purchaser terminates the contract in whole or in part, pursuant to GCC clause 27.1, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods or services. However, the supplier shall continue performance of the contract to the extent not terminated.

28. Force Majeure

28.1 Notwithstanding the provisions of GCC clauses 25, 26, and 27, the supplier shall not be liable for forfeiture of its performance security, liquidated damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the contract is the result of an event of force majeure.

28.2 For purposes of this clause, "force majeure" means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable. Such events may include, but are not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes.

28.3 If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

29. Termination for Insolvency

29.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

30. Termination for Convenience

30.1 The purchaser, by written notice sent to the supplier, may terminate the contract, in whole or in part, at any time for its convenience. The notice of termination shall specify that termination is for the purchaser's

[Applicable only if so specified in the SCC and if delivery of the goods extends for a duration beyond 12 months from contract signature]

If in accordance with SCC 20.1, prices shall be adjustable, the following method shall be used to calculate the price adjustment:

Prices payable to the supplier, as stated in the contract, shall be subject to adjustment during performance of the contract to reflect changes in the cost of labor and material components in accordance with the formula:

$$P_1 = P_0 \left[a + \frac{bL_1}{L_0} + \frac{cM_1}{M_0}\right] - P_0$$

$$a+b+c = 1$$

in which:

P_1 = adjustment amount payable to the supplier.

P_0 = contract price (base price).

a = fixed element representing profits and overheads included in the contract price and generally in the range of five (5) to fifteen (15) percent.

b = estimated percentage of labor component in the contract price.

c = estimated percentage of material component in the contract price.

L_0, L_1 = labor indices applicable to the appropriate industry in the country of origin on the base date and date for adjustment, respectively.

M_0, M_1 = material indices for the major raw material on the base date and date for adjustment, respectively, in the country of origin.

The bidder shall indicate the source of the indices and the base date indices in its bid.

The coefficients a, b, and c as specified by the purchaser are as follows:

a = *[insert value of coefficient]*

b= *[insert value of coefficient]*

c= *[insert value of coefficient]*

Base date = thirty (30) days prior to the deadline for submission of the bids.

Date of adjustment = *[insert number of weeks]* weeks prior to date of shipment (representing the mid-point of the period of manufacture).

The above price adjustment formula shall be invoked by either party subject to the following further conditions:

(a) No price adjustment shall be allowed beyond the original delivery dates. As a rule, no price adjustment shall be allowed for periods of delay for which the supplier is entirely responsible. The purchaser will, however, be entitled to any decrease in the prices of the goods and services subject to adjustment.

(b) If the currency in which the contract price P_0 is expressed is different from the currency of origin of the labor and material indices, a correction factor will be applied to avoid incorrect adjustments of the contract price. The correction factor shall correspond to the ratio of exchange rates between the two currencies on the base date and the date for adjustment as defined above.

(c) No price adjustment shall be payable on the portion of the contract price paid to the supplier as advance payment.

(v) by auditors and/or investigators appointed by the Fund;

(vi) Require third parties to maintain all accounts, documents and records relating to an IFAD-financed and/or IFAD-managed operation or activity for an adequate period of time as agreed with the Fund;

(vii) Inform third parties of the Fund's policy of unilaterally recognizing debarments imposed by other IFIs if such debarments meet the requirements for mutual recognition under the Agreement for Mutual Enforcement of Debarment Decisions; and

(viii) Provide for early contract termination or suspension by the recipient if such termination or suspension is required as a consequence of a temporary suspension or sanction imposed or recognized by the Fund;

(e) Promptly inform the Fund of any allegations or other indications of Prohibited Practices that come to their attention;

(f) Fully cooperate with any investigation conducted by the Fund, including by making personnel available for interviews and by providing full access to any and all accounts, premises, documents and records (including electronic records) relating to the relevant IFAD-financed and/or IFAD-managed operation or activity and to have such accounts, premises, documents and records audited and/or inspected by auditors and/or investigators appointed by the Fund;

(g) Maintain all accounts, documents and records relating to an IFAD-financed and/or IFAD-managed operation or activity for an adequate period of time, as specified in the relevant financing agreement; and

(h) Maintain strict confidentiality regarding any and all information received as a consequence of their participation in an IFAD investigation or sanctioning process.

12. Where the Fund finds that prohibited practices have occurred, recipients will: (a) Take appropriate corrective measures in coordination with the Fund; and (b) Give full effect to any temporary suspension or sanction imposed or recognized by the Fund, including by not selecting a bidder, not entering into a contract or suspending or terminating a contractual relationship.

13. Prior to the implementation of an IFAD-financed and/or IFAD-managed operation or activity, government recipients will inform the Fund of the arrangements that they have made for receiving and taking action in response to allegations of fraud and corruption relating to the IFAD-financed and/or IFAD-managed operation or activity, including by designating an independent and competent local authority to be responsible for receiving, reviewing and investigating such allegations.

14. When participating in an IFAD-financed and/or IFAD-managed operation or activity, government recipients will, in consultation with the Fund, take timely and appropriate action to launch a local investigation into allegations and/or other indications of fraud and corruption relating to the IFAD-financed and/or IFAD- managed operation or activity; inform the Fund of the actions taken in any such investigation at such intervals as may be agreed upon by the recipient and the Fund on a case-by-case basis; and, upon the completion of such investigation, promptly share the findings and results

thereof, including the supporting evidence, with the Fund. Government recipients will work with the Fund to coordinate any actions other than investigations that they may wish to undertake in response to an alleged or otherwise indicated prohibited practice.

15. Government recipients are encouraged to have in place, in accordance with their laws and regulations, effective whistle-blower protection measures and confidential reporting channels in order to appropriately receive and address allegations of fraud and corruption relating to IFAD-financed and/or IFAD-managed operations and activities.

E. Process

(i) Reporting

16. A designated confidential and secure e-mail address for the receipt of allegations of prohibited practices is available on the Fund's website.

17. In the event of uncertainty as to whether or not an act or omission constitutes a prohibited practice, the designated confidential and secure e-mail address may be used to seek guidance.

18. The Fund treats all reported allegations with strict confidentiality. This means that the Fund does not normally reveal the identity of a reporting party to anybody outside of the investigative, sanctioning or disciplinary process without the consent of the reporting party.

19. The Fund endeavours to provide protection from retaliation to any individuals or entities that have helped prevent or have reported to the Fund, in good faith, allegations or other indications of prohibited practices. IFAD staff and non-staff personnel are protected from retaliation under the Fund's Whistle-blower Protection Procedures.

(ii) Investigations

20. Where the Fund has reason to believe that prohibited practices may have occurred, the Fund may decide to review and investigate the matter, irrespective of any investigative actions launched or planned by the recipient.

21. The purpose of an investigation conducted by the Fund is to determine whether an individual or entity has engaged in one or more prohibited practices in connection with an IFAD-financed and/or IFAD-managed operation or activity.

22. Reviews and investigations conducted by the Fund are, inter alia:

    (a) Strictly confidential, meaning that the Fund does not disclose to anyone outside of the investigative, sanctioning or disciplinary process any evidence or information relating to the review or investigation, including the outcome of a review or investigation, unless such disclosure is allowed under the Fund's legal framework;

    (b) Independent, meaning that no authority is allowed to interfere with an ongoing review or investigation or to otherwise intervene in, influence or stop such a review or investigation; and

    (c) Administrative, as opposed to criminal, in nature, meaning that reviews and investigations conducted by the Fund are governed by the Fund's rules and procedures, not by local laws.

23. The office within the Fund that is mandated to conduct reviews and investigations into alleged or otherwise indicated prohibited practices is the Office of Audit and Oversight (AUO). Without prejudice to paragraphs 9(d) and 11(f), AUO may agree not to disclose to anybody outside of AUO any evidence or information that it has obtained on the condition that such evidence or information may be used solely for the purpose of generating new evidence or information, unless the provider of the evidence or information consents.

F. Sanctions and related measures

(i) Temporary suspensions

24. During the course of an IFAD review or investigation, or pending the conclusion of a sanctioning process, the Fund may decide, at any time, to temporarily suspend payments to IFAD non-staff personnel, non-government recipients, vendors or third parties or to temporarily suspend their eligibility to participate in IFAD- financed and/or IFAD-managed operations and activities for an initial period of six (6) months, subject to a possible extension of that suspension for an additional six (6) months.

25. IFAD staff may be temporarily suspended from their duties in accordance with the applicable human resources framework.

(ii) Sanctions

26. If the Fund determines that IFAD non-staff personnel, non-government recipients, vendors or third parties have engaged in prohibited practices, the Fund may impose administrative sanctions on such individuals or entities.

27. Sanctions are imposed on the basis of: (i) the findings and evidence presented by AUO, including mitigating and exculpatory evidence; and (ii) any evidence or arguments submitted by the subject of the investigation in response to the findings presented by AUO.

28. The Fund may apply any of the following sanctions or a combination thereof:

    (a) Debarment, which is defined as declaring an individual or entity ineligible, either indefinitely or for a stated period of time, to: (i) be awarded any IFAD- financed contract; (ii) benefit, financially or otherwise, from any IFAD- financed contract, including by being engaged as a subcontractor; and (iii) otherwise participate in the preparation or implementation of any IFAD- financed and/or IFAD-managed operation or activity;

    (b) Debarment with conditional release, which is defined as a debarment that is terminated upon compliance with conditions set forth in the sanction decision;

    (c) Conditional non-debarment, which is defined as requiring an individual or entity to comply with certain remedial, preventive or other measures as a condition for non-debarment on the understanding that a failure to comply with such measures within a prescribed period of time will result in an automatic debarment under the terms provided for in the sanction decision;

    (d) Restitution, which is defined as a payment to another party or the Fund (with respect to the Fund's resources) of an amount equivalent to the amount of the

diverted funds or the economic benefit obtained as a result of having engaged in a prohibited practice; and

(e) Letter of reprimand, which is defined as a formal letter of censure for the actions of an individual or entity which informs that individual or entity that any future violation will lead to more severe sanctions.

29. The Fund may extend the application of a sanction to any affiliate of a sanctioned party even if the affiliate has not been directly involved in the prohibited practice. An affiliate is defined as any individual or entity that is: (i) directly or indirectly controlled by the sanctioned party; (ii) under common ownership or control with the sanctioned party; or (iii) acting as an officer, employee or agent of the sanctioned party, including owners of the sanctioned party and/or those who exercise control over the sanctioned party.

30. For the purposes of IFAD-financed and/or IFAD-managed operations and activities, the Fund may consider as debarred individuals and entities that have been debarred by another IFI where: (i) that IFI is a signatory to the Agreement for Mutual Enforcement of Debarment Decisions; and (ii) such debarment meets the requirements for mutual recognition under the Agreement for Mutual Enforcement of Debarment Decisions.[8]

(iii) Disciplinary measures

31. If the Fund finds that IFAD staff have engaged in prohibited practices, the Fund may apply disciplinary measures and may require restitution or other compensation in accordance with the applicable human resources framework.

G. Referrals and information-sharing

32. The Fund may, at any time, refer information or evidence relating to an ongoing or completed investigative, sanctioning or disciplinary process to the local authorities of a Member State. In determining whether such a referral is appropriate, the Fund takes into consideration the interests of the Fund, the affected Member States, the individuals or entities under investigation and any other persons, such as witnesses, who are involved in the case.

33. If the Fund obtains information or evidence indicating potential wrongdoing in connection with the operations and/or activities of another multilateral organization, the Fund may make such information or evidence available to the other organization for the purposes of its own investigative, sanctioning or disciplinary processes.

34. In order to facilitate and regulate the confidential exchange of information and evidence with local authorities and multilateral organizations, the Fund seeks to conclude agreements which establish the rules for such an exchange.

H. Operational responses to Prohibited Practices

(i) Rejection of an award of contract

[8] The Fund may, in the future, decide to also recognize debarments imposed by entities that are not signatories to the Agreement for Mutual Enforcement of Debarment Decisions.

35. The Fund may refuse to give its no-objection to the award of a contract to a third party if it determines that the third party, or any of its personnel, agents, subconsultants, subcontractors, service providers, suppliers and/or their employees, engaged in a prohibited practice while competing for the contract in question.

(ii) Declaration of misprocurement and/or ineligibility of expenditures

36. The Fund may, at any time, declare a misprocurement and/or the ineligibility of any expenditures associated with a procurement process or contract if it determines that a third party or a representative of the recipient has engaged in a prohibited practice in connection with the procurement process or contract at issue and that the recipient has not taken timely and appropriate action, satisfactory to the Fund, to address such practices when they occur.

(iii) Suspension or cancellation of loan or grant

37. If the Fund determines that a recipient has not taken timely and appropriate action, satisfactory to the Fund, to address prohibited practices when they occur, the Fund may suspend or cancel, in whole or in part, the loan or grant affected by such practices.
